

**TO:** Our beloved sponsors

Hello,

Warm greetings from Uganda. As team we were so excited to have Rory come to Uganda unfortunately her trip got cancelled. It was so sad but in all we thank God for He has the best plan. We are so happy and blessed to have you and we are very much thankful for your support and sacrifices towards our vision. We couldn't have done so much this last term without your giving and donations. We appreciate you so much from the bottom of our hearts and as a family we love you and pray for you always.

As you receive your child's report card, we want to let you know that second term is always the longest school term with quite a number of activities in in school that is both class and co-curricular activities. Our students in Musana primary schools (all campuses) had VBS (Vocational Bible Studies) and I know many have written about it in their letters. Our students in High school were engaged in patriotism and ball games and some had a chance to go and compete with other schools outside the district.

Our students in Primary and secondary schools came back for a short holiday of about three to four weeks. Those in Musana schools got holidays on the 16<sup>th</sup> of August and reported back to school on the 8<sup>th</sup> of September. Those in other schools got holidays on the 24<sup>th</sup> of Aug and reports back to school on the 16<sup>th</sup> of September. Those in the university and higher vocational institutions are still in school for their first semesters until the last week of November or the first week of December. However, those in universities and higher institutions are always not provided with report cards but a transcript at the end of their course. We apologize for any kind of inconvenience.

During the Holiday we had a couple of activities and we are very thankful to your giving which enabled us to successfully have them. They were;

- **The Good Dad's workshop:** This took place on the 30<sup>th</sup> of August. Over fifty dads came to learn, share ideas and unite for a good cause. We are glad that this club is growing in number and our dads are becoming more responsible, inspiring each other and actively supporting their children and families. Our vision is to have dads who know their purpose and importance in their families not those who abandon and ignore responsibilities.
- **The annual Dental camp:** The annual dental camp was between 2<sup>nd</sup> to 4<sup>th</sup> of September where all our students had a dental checkup and treatment. We are grateful for our partnership with Hope smiles who provides quality dental care to all our kids every year.
- **Sports Day:** We had a sports day which was a fun packed day. We had our children and their parents and our team come together on the 7<sup>th</sup> of September to play, interact and share quality moments and have a meal together. The day was so full of laughter's and joy as the children watch their parents perform in different fun and team building activities. This was aimed at bringing us all together as a family and create a bond between us and also help us know each other better and work together as a family.
- **Hall Dedication:** We also had our newly completed multipurpose Hall opened and dedicated. There was so much joy on that day and I hope you find time to view some of the amazing photos and videos on our PY websites and social media platforms.
- **Community Charity Project:** We are also underway completion of our community charity project the construction of a house for one of our single mothers who didn't have where to stay after her house got demolished by wind and rain and was staying at her neighbor's. Again we are thankful for your contributions towards this. We have had some of our kids learning building and concrete practices get involved in this activity to give back to the community.

As we get to the last quarter of this year we want to declare God's blessings and favor upon you (Deuteronomy 28). We look forward to have a number of activities during the third term holidays (the Life coach, Christmas party, one on one meetings with kids and parents, Girl and boy talks, etc. We love you so very much, have a beautiful day and I hope you enjoy reading through your child's letter/report card.

Yours Faithfully,

Eunice Akello Ainembabazi
